

Integrated solutions for 21st century construction

For clean, green commercial construction services, turn to BRAC. Our extensive experience encompasses contracting, renovations, roofing, solar power, energy efficient refits and investment portfolios.

Across London and the Home Counties we deliver exceptional quality every time, on time, and on budget. Entrust your fit out or refurbishment to our leading specialists. We ensure nothing but supremely professional service and superb quality results.

Four decades of combined experience

BRAC offers a unique combination of skills and experience spanning forty years. Our comprehensive knowledge qualifies us as the perfect principle contractor for your project.

We work for some of the finest architects and surveyors and use highly skilled tradesmen to deliver every project to exacting requirements. Your right to professional excellence is reflected in our devotion to exceptional quality and service. We strive to make your experience with us an unrivalled pleasure from day one.

Superior service: superb results

Expect bespoke assistance, honest prices, speedy unobtrusive work and superior standards when you choose BRAC. Every contractor is hand picked by us, so you only deal with courteous professionals who know their trade inside out. We consistently work to exemplary standards, with respect and consideration for your staff or tenants.

Our broad repertoire of services will meet all of your construction needs for a truly integrated solution tailored to your project.

**CONTRACTING**

BRAC's dedicated team will manage your project seamlessly from start to finish. We can design and run your project from conception, or slot our services into an existing design if required.

**RENOVATION**

Whatever the nature of your renovation, BRAC will help you turn a tired old building into a 21st century masterpiece. We plan and deliver your project down to every last detail with efficient, effective results every time.

**ROOFING**

BRAC uses only the finest tradesmen to deliver roofs of superb quality every time. From pitched, tiled or slated roofs to flat roofing solutions, your roof is in safe hands with us.

**SOLAR & RENEWABLE ENERGY**

BRAC offers a range of innovative options, from integrated solar panels and tiles to green roofing systems. Our roofing experts are uniquely placed to fit your solar or green installation whilst preserving the complete structural integrity of your roof.

**DEVELOPMENT**

With a broad portfolio of prime sites and experienced industry specialists, BRAC is perfectly placed to help you raise equity from your property or land providing you a golden investment opportunity. Our mission is to make your building work hard and achieve the very best return for you.
